Agency Information Collection Activities; Proposed eCollection eComments Requested; Reinstatement, without change, of a previously approved collection for which approval has expired: 2022 Police Public Contact Survey (PPCS)

AGENCY: Bureau of Justice Statistics, Department of Justice.

ACTION: 30-day Notice.

SUMMARY: The Department of Justice (DOJ), Office of Justice Programs, Bureau of Justice Statistics, will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection was previously published in the Federal Register, allowing a 60-day comment period. Following publication of the 60-day notice, the Bureau of Justice Statistics received one set of comments containing suggestions for topics to add to the instrument, which are addressed in Supporting Statement Part A.

DATES: Comments are encouraged and will be accepted for an additional 30 days until **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

FOR FURTHER INFORMATION CONTACT:

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review - Open for Public Comments" or by using the search function.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether, and if so, how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

- 1 *Type of Information Collection:* Reinstatement, without change, of a previously approved collection for which approval has expired.
- 2 *The Title of the Form/Collection:* 2022 Police Public Contact Survey
- 3 *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number for the questionnaire is PPCS-1. The

applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

4 *Affected public who will be asked or required to respond, as well as a brief abstract:*

Respondents will be persons 16 years or older living in households located throughout the United States sampled for the National Crime Victimization Survey (NCVS). The PPCS will be conducted as a supplement to the NCVS in all sample households for a six (6) month period. The PPCS is typically conducted periodically with the last administration occurring in 2020. The PPCS is one component of the BJS effort to fulfill the mandate set forth by the Violent Crime Control and Law Enforcement Act of 1994 to collect, evaluate, and publish data on the use of excessive force by law enforcement personnel. The goal of the collection is to report national statistics that provide a better understanding of the types, frequency, and outcomes of contacts between the police and the public, public perceptions of police behavior during the contact, and the conditions under which police force may be threatened or used. BJS plans to publish this information in reports and reference it when responding to queries from the U.S. Congress, Executive Office of the President, the U.S. Supreme Court, state officials, international organizations, researchers, students, the media, and others interested in criminal justice statistics.

5 *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:*

An estimate of the total number of respondents is 119,880 persons ages 16 and older. About 81.2% of PPCS respondents (97,343) will have no police contact and will complete the short interview with an average burden of four minutes. Among the 18.8% of respondents (22,537) who experienced police contact, the time to ask the detailed questions regarding the nature of the contact is estimated to take an average of 8 minutes. Respondents will be asked to respond to this survey only

once during the six-month period. The burden estimates are based on data from the prior administration of the PPCS.

- 6 *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 9,495 total burden hours associated with this information collection.
